MISCELLANEOUS.

ELECTRICITY AND MAGNETISM—The success fall Electric and Magnetic Healer, of 119 Main street, between Second and Third streets, who has made so many wonderful cures in this city, is still meeting with immense success. His rooms are crowded daily with patients anxious to get the benefit of his powerful fungnetism. The blind see, the deaf near, the lame walk and the sick are healed by this new development in medical science. Dr. Robbins discards the use of all medicines in his treatment and relies solely on the power of magnetism. An experience of several years in the Australian colonies and this country enables him to assert with confidence that he can cure diseases that baffle the skill of other physicians. He also diagnoses diseases without explanation from the patient free of charge. He would advise all persons suffering from painful diseases to call and see him and get the benefit of his advice. Testimonials have already appeared in these columns showing his shifty as a magnetic physician.
